

GOWRI PRAKASH

Undergraduate Student, Department of Physics, IISER Tirupati

Tirupati, AP

gowri_20231070@students.iisertirupati.ac.in

gowriprakash.acad@gmail.com

Summary

An undergraduate Physics student broadly interested in theoretical physics and mathematics. Open to contributing to any problem or project that is intellectually engaging.

Education

BS-MS in Physics, IISER Tirupati

2023–Present

Current CGPA: 7.3

Experience

Visiting Student

May 2026 – Jul 2026

Harish-Chandra Research Institute — Advisor: Prof. Prasenjit Sen

- Studied the theoretical framework of Itô SDEs and the Fokker-Planck equation.
- Analyzed reverse-time SDEs and score matching for generative modeling.

Experimental Physics Coursework

2023 – Present

Department of Physics, IISER Tirupati

- Conducted 27+ experiments across mechanics, electromagnetism, optics, and quantum physics.
- Applied error analysis and uncertainty quantification in structured lab reports using Origin and Python.

Skills & Languages

Programming & Software: Python, Origin (graphing & data analysis)

Computational: Numerical methods, data fitting, and visualization

Languages: Tamil (Native), English (Professional), Hindi (Intermediate)

Relevant Coursework

**In Progress*

Physics: Classical Mechanics I & II • Optics • Condensed Matter Physics I • Quantum Mechanics I & II • Electrodynamics I • Statistical Mechanics I & II • Mathematical Methods in Physics I • Atomic & Molecular Physics* • Computational Methods in Physics* • Quantum Field Theory* • Complex Systems*

Mathematics: Groups & Rings • Linear Algebra • Measure Theory & Integration • Introduction to Real Analysis • Probability & Statistics • Introduction to Algebraic Topology*
